Training is preceding the HBOT 2016 Conference (hbot2016.com)
Training is recognized and approved by IHMA. (hyperbaricmedicalassociation.org)

This certification program is designed to train & certify chamber operators to provide the highest level of patient care and safety for clinical operations. Specific to the needs of a chamber operator, the **ANDI** program provides a full presentation of the physics, physiology, patient care, equipment engineering, maintenance and use of specific Mono-place Hyperbaric Chambers for both Air and Oxygen environment administration. *The above program is Part I only.* The Part II includes hands-on use of the specific equipment as designated on the certification and required by **ANDI**. Part II may be completed in a variety of formats. Contact **ANDI** for any additional information.

\$525 per person includes training materials & lunch

Pre-registrations will be provided with a hard-copy text (Textbook Promotion@ www.andihq.com)
